EP65

All-In-One for All You Need

All-in-One Touch Panel with Zoom Rooms

Take advantage of the advanced business productivity that comes with the AVer EP65! This all-in-one display for enterprises is fully loaded with a 4K P-CAP touch panel, a Windows 10 IoT Intel i7-7700 Processor, a 4K camera, and Zoom Rooms integration. Share ideas face-to-face without worrying about distance.

Seamless Multi-Integration

Efficient management and minimal maintenance improve your conferencing experience. The AVer EP65 is equipped with a removable PC module that features a Windows 10 IoT Intel i7-7700 Processor and is seamlessly integrated with Zoom Rooms software.

Close Collaboration

Develop an agile workplace and keep everyone on the same page. Brainstorm, interact, take notes, annotate on a shared screen, or enable split-screen multitasking with the AVer EP65' s 4K P-CAP touch panel with 20 touch points.

Super Easy Installation

How easy is it to install the AVer EP65? Just plug in a single power cable, and you' ll be ready to work in one second. The EP65 can replace complicated cross-platform setups and save time for meeting preparation.
