

# Plantronics Status Indicator

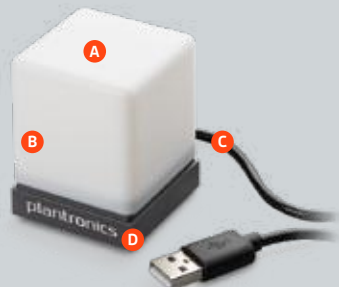

## Escape the interruptions

Wired unified communications presence light indicator  
with visual and audio alerts

# Plantronics Status Indicator

Escape the interruptions. The Plantronics Status Indicator will let others know from across the open office if you are available for an impromptu chat, on the phone, or away from your desk. Visual and audio alerts let you know if you have incoming messages and calls. Compatible with softphone devices, this UC presence indicator will help you be more productive and interruption-free.
